

Live at Home and Come to us...

Outpatient rehabilitation is for people who require continuing physical, occupational, and speech therapy services but do not require an inpatient setting. At Mease Manor Outpatient Rehabilitation, the goal is to return our patients to their optimum level of function and open the door to a better quality of life.

Our unique service model includes:

- Physical, occupational, and speech therapies
- Interdisciplinary treatment approach by highly qualified rehabilitation professionals
- On-site coordinator to manage rehabilitation team
- Preadmission screenings to assess each patient's appropriateness for the program
- Family involvement with treatment and care planning process
